

FAQ:

Can I drive up in the middle of the week and join the group?

Yes you can drive up and have your own vacation. This trip is about the kids and is NOT a family trip. A chance for them to be them with their friends. I would advise that you allow them a chance to have their own experiences and chance to grow.

My child does not eat "XYZ", what can be arranged?

We advise anyone with a food allergy to please let us know ASAP so that we can arrange the shopping schedule accordingly. Picky eaters will have to find something that is comfortable for their palate.

Will you sing my child to sleep?

Uhm... no (ha!). That's actually not a frequently asked question, but we will not be providing any extra parental nurturing that may happen at home. Rest assured that is a safe and comfortable environment. Multiple parents will be on the premises of all times. *(Chaperone - Athlete ratio 1/2.2)*

Can I call my child?

You are allowed to contact your child at any point. We will be making sure each parent knows that we have arrived safe and sound. Please allow them proper space to enjoy themselves.
